Item 4 – Advisory Services

A. Firm Information

Cereus Financial Advisors, LLC (“Cereus” or the “Advisor”) is a registered investment advisor located in the State of New Jersey, which is organized as a Limited Liability Company (“LLC”) under the laws of the State of New Jersey. Cereus was founded in July 2015 and is owned and operated by David J. Haas (Principal). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Cereus.

B. Advisory Services Offered

Cereus offers investment advisory services to individuals, high net worth individuals, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Cereus’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Cereus provides discretionary and non-discretionary investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction in connection with its management services. Cereus works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. The Advisor may customize portfolio models for a limited number of Clients. These models are used to implement specific goals for these Clients where Cereus feels a customized model works better than the third-party models, which are usually used. Models are developed and reviewed using quantitative analysis and are generally passive in nature and rebalanced periodically. For taxable accounts, Cereus engages in active tax management to help mitigate the tax impact of investment gains and to take advantage of losses when possible. The Advisor believes that a diversified portfolio representing properly allocated asset classes is the best approach help achieve long-term success. Further, tax managed investing is typically employed for taxable accounts.

Internal Investment Management – When constructing portfolios for the limited number of Clients communicated above, the Advisor will primarily construct investment portfolios through the selection of investment mandates provided by unaffiliated money managers, accessed through an investment management platform. Client investments may be in individual managed accounts and/or portfolios constructed with mutual funds and/or exchange-traded funds (“ETFs”).

The Advisor will develop for a limited number of Clients an asset allocation model and portfolio strategy and present the strategy to the Client for approval prior to implementation. The Advisor may retain legacy positions in taxable accounts to minimize the impact of taxes to the Client. In such instances, Cereus will seek to diversify and convert the portfolio over a period of time to minimize any tax burden.

Cereus’s investment approach is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. Cereus will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Cereus evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Cereus may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Cereus may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Cereus may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses,

business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time, will Cereus accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement.

Use of Independent Managers - Cereus will recommend that Clients utilize one or more unaffiliated investment managers or investment platforms (collectively "Independent Managers") for all or a portion of a Client's investment portfolio, based on the Client's needs and objectives. In certain instances, the Client may be required to authorize and enter into an investment management agreement with the Independent Manager[s] that defines the terms in which the Independent Manager[s] will provide its services. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with Clients investment objectives and overall best interests. The Advisor will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Independent Manager's Form ADV Part 2A - Disclosure Brochure (or a brochure that makes the appropriate disclosures).

Betterment Institutional Platform - Cereus may recommend that certain Clients implement their investment portfolios through Betterment Institutional, a division of Betterment LLC (herein "Betterment Institutional" or the "Investment Platform"). Betterment Institutional is what is often termed a "robo-advisor", an online wealth management service that provides automated, algorithm-based portfolio management advice. Robo-advisors use technology to deliver similar services as traditional advisors, but generally only offer portfolio management and do not get involved in a Client's personal situation, such as taxes and retirement or estate planning. Cereus chose to affiliate with Betterment Institutional due to the Investment Platform's customized portfolio allocations, automated rebalancing, and competitive fees. Cereus utilizes Betterment Institutional as a complement to its comprehensive financial planning services to provide cost effective investing coupled with personalized financial planning.

To establish accounts with Betterment Institutional, the Client will enter into one or more agreements with Betterment that provides the authority for discretionary investment management by the Investment Platform. Cereus remains the Client's primary advisor and relationship contact and will select or construct a portfolio of ETFs and/or cash equivalents from the universe of investments included on the Investment Platform.

Cereus will have the discretionary authority to instruct Betterment Institutional with respect to portfolio construction, asset allocation and other investment decisions, subject to the limitations described herein. Betterment Institutional will implement the portfolio and be responsible for the discretionary trading of the ETFs in the Client's portfolio, including the purchase and sale of investments and the automatic rebalancing back to targets.

Betterment Institutional utilizes between ten to twelve different ETF's, representing various asset classes for the construction of investment portfolios. As discussed above, Cereus will work with each Client to select/construct a portfolio to meets the needs of the Client. The Client has limited ability to put restrictions on its accounts. The account[s] cannot contain investments that are not included in the Betterment Institutional universe of ETFs and cash equivalents.

Betterment Institutional, under its discretionary authority, will automatically adjust and rebalance the Client's accounts daily based on the drift tolerance established for the positions in the investment portfolio[s]. The Advisor's investment philosophy is long-term, but the Advisor may make such tactical overrides to take advantage of market pricing anomalies or strong market sectors. The Advisor does not actively trade in the Client's account[s] and is also limited to a enter one allocation change per account per trading day through Betterment Institutional, the Client should be aware of these potential disadvantages.

For its services, Betterment Institutional will charge an asset-based fee that is in addition to the Advisor's fee. Betterment Institutional's fee includes the securities transaction fees for all trades. The Advisor will only receive

its investment advisory fees as detailed in Item 5.A. below and does not share in any fees earned by Betterment Institutional.

The Client, prior to entering into an agreement with the Independent Manager, will be provided with the Independent Manager's Form ADV Part 2A (or a brochure that makes the appropriate disclosures).

Financial Planning Services

Cereus will typically provide a variety of financial planning services to Clients, pursuant to the terms and scope of the financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals and objectives.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. Planning may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Cereus may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend the Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

Cereus provides retirement plan advisory services to company retirement plans (each a "Plan") and the Plan's responsible party for the Plan (the "Plan Sponsor"). Cereus provides its services to the Plan and Plan Sponsor on a non-discretionary basis (under ERISA Section 3(21)). Cereus may provide the following Plan fiduciary services pursuant to the terms of the Advisor's agreement with the Plan and Plan Sponsor:

- Vendor analysis
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment monitoring

Cereus may also provide non-fiduciary services:

- Investment education
- Periodic on-site Advisor visits with staff for account updates and reviews
- Periodic Plan Participant group education opportunities

These services are provided by Cereus serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Cereus's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging Cereus to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Cereus, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – Cereus will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Cereus will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Cereus will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Cereus does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Cereus.

E. Assets Under Management

As of December 31, 2019, Cereus manages \$18,240,643 in discretionary assets and \$1,624,272 in non-discretionary assets totaling \$19,864,915 in assets under management. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Cereus and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, at the end of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of each calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management	Annual Rate (%)
Up to \$250,000	1.00%
Next \$250,000 (Up to \$500,000)	0.95%
Next \$500,000 (Up to \$1,000,000)	0.90%
Next \$1,000,000 (Up to \$2,000,000)	0.85%
Next \$1,000,000 (Up to \$3,000,000)	0.80%
Next \$2,000,000 (Up to \$5,000,000)	0.75%
Over \$5,000,000	0.65%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fee will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Cereus will be independently valued by the Custodian. Cereus will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. Cereus primarily recommends SEI and Betterment Institutional to Clients. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. Independent Managers typically do not offer any fee discounts but may have a breakpoint schedule which will reduce the fee with an increased level of assets placed under management with an Independent Manager. The terms of such fee arrangements are included in the Independent Manager's disclosure brochure and applicable contract[s] with the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 2.00% annually.

The Independent Managers will calculate their fees along with Cereus's fee and deduct the overall fee from the Client's account[s].

Financial Planning Services

Cereus offers financial planning services at an hourly rate of \$200 per hour or based on a fixed fee for the planning engagement. Fixed fee engagements are negotiated based on the expected number of hours to complete and complexity of the Client's financial circumstances. For fixed fee engagements an initial fee ranging from \$1,800 to \$3,250 is charged. For Clients that select to renew their fixed fee planning agreement fees range from \$900 to \$1,625. Fees are negotiable depending on the nature and complexity of the Client's circumstances, the expected time to complete the engagement deliverable[s] and the overall relationship with the Advisor. An estimate for total hours and/or costs will be provided to the Client prior to engaging for planning services. The Advisor may also engage for planning services through a perpetual engagement. In such instances, fees are billed quarterly, in advance of each calendar quarter. In the second year of services, the Advisor will renew its ongoing services at fifty percent (50%) of the initial, first year fee. The Advisor may also reduce its fees based on the size of the investment management account[s] and the overall relationship with the Advisor. Clients that select to utilize Cereus to manage their account[s] will have their planning fee reduced if investing over \$250,000 and under \$1,000,000. The planning fee is waived for those Clients that invest over \$1,000,000.

Retirement Plan Advisory Services

Retirement plan advisory fees are typically paid quarterly, at the end of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Retirement plan advisory fees are charged an annual rate of 1.00% of Plan assets or a fee negotiated with the Client. Fees are based on the market value of assets in the plan on the last day of the prior calendar quarter. Fees are negotiable based on the size and complexity of the services provided to the Plan.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Custodian according to a fee schedule provided by the Advisor and deducted from the Client's account[s] at the Custodian. The Advisor reviews the calculated fee and sends an invoice to the Client indicating the amount of the fees deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Cereus at the end of each calendar quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Cereus directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees may include Cereus's investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager[s], as applicable. In certain instances, the Independent Manager or the Advisor may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s].

Financial Planning Services

Financial planning fees are invoiced up to fifty percent (50%) of the expected cost of the engagement upon execution of the financial planning agreement with the remaining balance due upon receipt of the agreed upon deliverable[s]. Ongoing planning engagements are billed quarterly, in advance of each calendar quarter at a rate of twenty five percent (25%) of the fixed annual rate.

Retirement Plan Advisory Services

Fees may be deducted from the accounts of the Plan Participants or paid by the Plan Sponsor.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Cereus, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by Cereus is separate and distinct from these custody and execution fees.

In addition, all fees paid to Cereus for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Cereus, but would not receive the services provided by Cereus which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Cereus to fully understand the total fees to be paid.

Independent Managers recommended and utilized by Cereus also charge fees for their custody platform and investment management. For ETF investment models and Separately Managed Accounts, these managers charge a platform fee which varies depending on the size and type of account. Mutual fund accounts at SEI utilize a fee built into the mutual fund interal expense fee. These platform fees typically cover platform access, discretionary investment management, and securities transaction fees, but in certain cases where non-managed investments are bought or sold, a fee may be assessed per transaction.

D. Advance Payment of Fees and Termination

Investment Management Services

Cereus is compensated for its services at the end of the quarter, after investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Investment Platform and any Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Cereus will assist the Client with the termination and transition as appropriate.

Financial Planning Services

The Advisor may require an advance payment of up to fifty percent (50%) of the expected cost of a financial planning engagement prior to commencing services. For ongoing planning engagements, the Advisor bills for its services in advance. Either party may also terminate a planning or consulting agreement at any time by providing written notice to the other party. In addition, the Client may terminate the agreement within five (5) business days of signing the Advisor's financial planning agreement at no cost to the Client. After the five-day period, the Client will

incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, pre-paid fees to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Cereus is compensated for its retirement plan advisory services at the end of the quarter, after advisory services are rendered. Either party may request to terminate their services with Cereus, at any time, by providing advance written notice to the other party. The Client shall be responsible for advisory fees up to and including the effective date of termination. The Client may also terminate the retirement agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Cereus does not buy or sell securities and to earn commissions and does not receive any compensation for securities transactions in any Client account[s]. Cereus only receives the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Cereus does not charge performance-based fees for its investment advisory services. The fees charged by Cereus are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Cereus does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Cereus offers investment advisory services to individuals, high net worth individuals, and retirement plans. The amount of each type of Client is available on Cereus's Form ADV Part 1A. These percentages will change over time and are updated at least annually by the Advisor. Cereus generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Cereus primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Cereus are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, Cereus generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Cereus will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Cereus may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Cereus will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client account[s]. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Quantitative/Algorithmic Investing

The Advisor's investment recommendations are based on proprietary algorithms. The risks associated with this type of investing are as follows:

- *Quantitative Risk*: The risk that the effectiveness of the quantitative strategy can dissipate over time as similar strategies are adopted and as the market becomes more efficiently priced.
- *Input Data Risk*: The risk that the information and data supplied to the algorithm is subject to input and quality errors. The Advisor's strategies depend on the accuracy and reliability of the data and the strategies may not function properly if the data proves to be incorrect or incomplete, or is input incorrectly.
- *Programming Risk*: The Advisor's research and strategy development process is extremely complex and the results of that process must then be translated into computer code. Although the Advisor seeks to hire individuals skilled in each of these functions and to provide appropriate levels of oversight, the complexity of the individual tasks, the difficulty of integrating such tasks, and the limited ability to perform "real world" testing of the end product raises the chances that the finished algorithm may contain an error; one or more of such errors could adversely affect a client's portfolio.
- *System Risk*: The Advisor relies extensively on computer programs and systems in its proprietary algorithms to evaluate securities, to monitor its portfolio, and to generate reports that are critical to oversight of its activities. In addition, certain systems are operated by third party service providers. The Advisor may not always be in the best position to verify the risks or reliability of such third-party systems. These programs or systems, whether operated by a third party or not, may be subject to certain defects, failures or interruptions, including, but not limited to, those caused by computer "worms," viruses and power failures. Any such defect or failure could have a material adverse effect on the Advisor's activities.

For example, such failures could cause settlement of trades to fail, lead to inaccurate accounting, recording or processing of trades, and cause inaccurate reports, which may affect the Advisor's ability to monitor its investment portfolios and its risks.

- *Operational Risk*: The Advisor has developed systems and procedures to control operational risk. Operational risks arising from mistakes made in the trading confirmation or settlement of transactions, from transactions not being properly booked, evaluated or accounted for or other similar disruption in The Advisor's operations may cause the Advisor to suffer financial loss; the disruption of its business; liability to Clients or third parties; regulatory intervention; or reputational damage. The Advisor relies heavily on its financial, accounting and other data processing systems.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Cereus or any of its Supervised Persons. Cereus values the trust you place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD #279033.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Mr. Haas is also a licensed insurance professional. Implementation of insurance recommendations are separate and apart from Mr. Haas' role with Cereus. As an insurance professional, Mr. Haas will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Haas is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This causes a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Haas or the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. The Advisor does not receive any compensation nor does this present a material conflict of interest. The Advisor will only earn its investment advisory fee as described in Item 5.A.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Cereus has implemented a Code of Ethics that defines the Advisor's fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Cereus ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to Client. Cereus and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Cereus and its Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address ethics and conflicts of interest. To request a copy of the Code of Ethics, please contact the Advisor at (201) 848-6802.

B. Personal Trading with Material Interest

Cereus allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Cereus does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Cereus does not have a material interest in any securities traded in Client account[s].

C. Personal Trading in Same Securities as Clients

Cereus allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Client's and mitigated through policies and procedures. As noted above, the Advisor has adopted a Code, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Cereus requiring reporting of personal securities trades pursuant to its Code. The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information. In addition, the Code governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code, and records retention requirements for various aspects of the Code.

D. Personal Trading at Same Time as Client

While Cereus allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. At no time, will Cereus, or any Supervised Person of Cereus, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Cereus does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/ custodian (herein the "Custodian") to safeguard Client assets and authorize Cereus to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Cereus does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Cereus does not exercise discretion over the selection of the Custodian, Cereus will typically recommend the Custodian to Clients. Clients are not obligated to use the Custodian recommended by Cereus and will not incur any extra fee or cost associated with using a custodian not recommended by Cereus. However, Cereus may have limitations on the services it can provide if accounts are not at a custodian where Cereus maintains an institutional relationship. Cereus may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and/or its reputation. Cereus will generally recommend that Clients establish their account[s] at either SEI Private Trust Company ("SPTC"), a subsidiary of SEI Investments Company or MTG, LLC d/b/a Betterment Securities ("Betterment Securities"). SPTC or Betterment Securities will serve as the Client's "qualified custodian". Cereus maintains institutional relationships with SPTC and Betterment Securities, whereby the Advisor receives certain benefits from SPTC and Betterment Securities. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

- 1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. Cereus does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. As noted above, Cereus does receive benefits from SPTC and Betterment Securities. Please see Item 14 below.
- 2. Brokerage Referrals** - Cereus does not receive any compensation from any third party in connection with the recommendation for establishing an account.
- 3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where Cereus will place trades within the established account[s] at the Custodian, designated by the Client. Further, all Client accounts are

traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Cereus will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian. The Advisor will seek best execution, but does not do so on a trade-by-trade basis. The Advisor evaluates the execution quality of the Custodian as part of its annual review of service providers. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The Advisor generally does not aggregate Client orders with other Clients. However, Client accounts implemented with unaffiliated money managers will be traded in block trades based on the Independent Managers internal policies and procedures with other investor accounts and allocated to the Client based on the unaffiliated money manager's policies. Such policies are included in that manager's Form ADV2A – Disclosure Brochure.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in a Client's accounts are monitored on a regular and continuous basis by Mr. Haas, Principal of Cereus. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Cereus if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website, so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Cereus

Cereus does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Cereus may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Cereus may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Cereus has established an institutional relationship with SPTC to assist the Advisor in managing Client account[s]. Access to the SPTC Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at SPTC. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services. Additionally, the Advisor will receive the following benefits from SPTC: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate

securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Betterment Institutional Platform

As noted in Item 12, the Advisor has also established an institutional relationship with Betterment Securities under an investment and advice platform Betterment Institutional. Betterment Institutional makes available various support services to help manage or administer Client account[s], Betterment Institutional support services are generally available on an unsolicited basis and come at no cost to the Advisor. The following are the benefits Betterment Institutional support services may provide:

Investment Products – Betterment Institutional includes access to a range of investment products, execution of securities transactions, basic account aggregation, planning tools and custody of client assets through Betterment Securities.

Direct Benefits – Betterment Institutional may provide Clients with online tools to project expected returns, plan for retirement, understand risk, access information related to transactions, and review prior performance.

Indirect Benefits – Betterment Institutional may provide the Advisor with benefits that may not directly benefit the Client. These products and Services assist the Advisor by providing technology to better monitor and administer Client account[s]. This software and technology may:

- Assist with back-office functions, recordkeeping, and client reporting of Client account[s]
- Provide access to Client account[s] data (such as duplicate trade confirmation and account statements)

B. Client Referrals from Solicitors

Cereus does not engage paid solicitors for Client referrals.

Item 15 – Custody

Cereus does not accept or maintain custody of any Client account[s], except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Cereus to utilize the Custodian for the Client's security transactions. Cereus encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

Item 16 – Investment Discretion

Cereus offers its investment advisory services on either a discretionary or non-discretionary basis. For discretionary accounts, Cereus will have the authority over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales will be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Cereus. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. For non-discretionary accounts, Cereus does not have the authority to trade securities in Client accounts without first obtaining approval by the Client.

Client accounts implemented with unaffiliated money managers will be traded with investment discretion, meaning that the unaffiliated money manager will have the discretion over the selection and amount of securities to be bought or sold in Client account[s] without obtaining prior consent or approval from the Client. The Advisor will

assist the Client with implementing any reasonable restrictions on the Client's account[s], subject to the acceptance by the unaffiliated money manager[s].

Item 17 – Voting Client Securities

Cereus does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.
